RX®-1000*i* Series Quick Reference Card

Basic Operations

Press *POWER* to activate the rangefinder.

Press and release POWER for a single distance reading.

Press and hold *POWER* to scan, continuously updating distance readings *(recommended).*

Menu Navigation

Press *MODE* to enter the menu.

Press and release *MODE* repeatedly to advance through the menu.

Press *POWER* to toggle functions on or off.

True Ballistic Range® (TBR®)

Available on the RX-1000*i* TBR.

For Bow

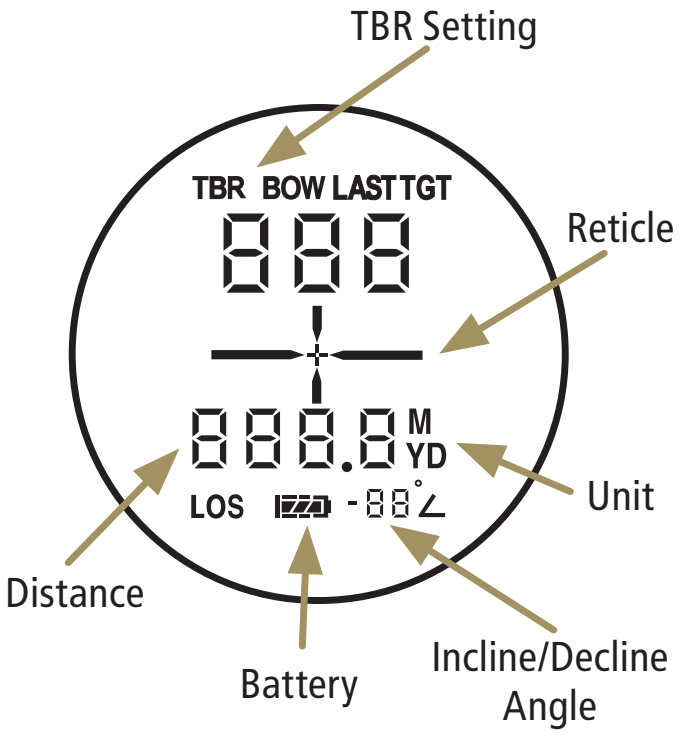
Activate BOW by selecting the BOW function during set up.

Do not activate TBR as this will activate rifle cartridge settings.*(See Reverse)*

For Rifle

Select TBR function, and select BAS, HOLD, MIL, or MOA. BAS displays the equivalent horizontal range, HOLD displays the inches or centimeters of holdover, MIL displays the milliradians of holdover, and MOA displays the minute of angle adjustment. Press *MODE* to advance the menu to the ballistics groups and choose A, B, C, AB, AC, BC, or ABC.

Display at a Glance



Display Brightness

Method 1:

(Access through the Quick Set Menu)

Navigate through the Quick Set Menu by pressing *MODE* until "DISP" is shown in the lower display. Press and release *POWER* to toggle between high, medium, and low.

Method 2:

(Multiple button press combination)

Press and release *POWER* to activate the rangefinder, then press and hold *POWER*. While *POWER* is held depressed, press and hold the *MODE* button for 1 second. After 1 second, release *MODE*; each subsequent depression of *MODE* will cycle through the available intensity settings.

TBR® PERFORMANCE GROUP SELECTION TABLE: FOR BEST FIT UP TO 500 YARDS			
TBR Group	500 Yard Bullet Path	Sight-in Range	Cartridge Type
A	Less than -20"	300 Yards	Super flat shooting magnums (30-378 Wby. Mag. & Lazzeroni 7.21 Firebird)
B	-20 to -25 "	300 Yards	Big game magnums (.240 Wby., .300 WSM, & 7mm STW)
C	-35 to -41"*	200 Yards	Workhorse big game cartridges (.243 WSSM, .270 Win., & .25-06 Rem.)
AB	-41 to -42.5"	200 Yards	Lighter big game cartridges (.243 & 7mm-08)
AC	-42.5 to -49.5"	200 Yards	Non magnums with heavy bullets (30-06, .308 Win., & .338 Win.)
BC	-49.5 to -52"	200 Yards	Round Nosed Big Magnum bullets (.300 Wby. Mag. or .378 Wby. Mag.)
ABC	More than -52"	200 Yards	Super heavy bullets (300 grain bullet .378 Wby.Mag.)

*If your bullet path height is less than -21 inches at 500 yards with a 200 yard sight-in, consider sighting in at 300 yards and selecting group A or B. Alternately, you can use group C with a 200 yard sight-in, but the TBR will be less acurate at extreme ranges.
